

Police Department | Steering Wheel Lock
Request

They have arrived! Due to supply chain issues, the steering wheel locks for South Chicago Heights Kia owners are delayed, but will soon be available at the South Chicago Heights Police Department. This means that South Chicago Heights residents who own 2011-2021 Hyundai vehicles can now obtain a free steering wheel lock.

While the number of thefts of these vehicles has decreased in South Chicago Heights, they are still by far the most highly targeted vehicles for theft in our region.

South Chicago Heights residents, with proof of residency, can bring the registration for the vehicle to the Police Department and speak to Records personnel in the lobby to obtain a lock. There is a limit of one lock per vehicle.

Thanks to American Hyundai for providing these locks for our residents.
