ORDINANCE NO. 2014-ORD-8

**AN ORDINANCE
AMENDING THE SOUTH CHICAGO HEIGHTS CODE OF ORDINANCES
CONCERNING AUTOMATIC FIRE DETECTION SYSTEMS**

WHEREAS, the corporate authorities of the Village of South Chicago Heights are authorized by the Illinois Municipal Code, 65 ILCS 5/1-3-2, to adopt by reference, as criteria for the issuance of construction, reconstruction, alteration or installation permits, all of part of the provisions of regulations prepared by a nationally recognized technical trade or service association, such as the International Building Code, without setting forth those provisions in the Village Code; and,

WHEREAS, the corporate authorities of the Village of South Chicago Heights are authorized by the Illinois Municipal Code, 65 ILCS 5/11-30-4 and 11-8-2, to prescribe the manner of constructing all building structures and their accessories and enact ordinances to maintain all buildings in “safe fire condition;” and

WHEREAS, pursuant to this authority, the Village has adopted by reference Chapter 9 of the Building Officials Code Administrators International (BOCA) National Building Code, 2006 Edition, as amended and modified in Chapter 34 of the Village Code; and

WHEREAS, the Village is using the Eastern Will County Communications Center (EASTCOM) for all fire and police dispatch services; and

WHEREAS, the Village finds that direct connection of all fire detection systems within the Village to EASTCOM will reduce response time to fire alarms, thereby saving lives and property and promoting fire fighter safety.
