**2019 ANNUAL FACILITY INSPECTION REPORT
MARCH 2018 TO FEBRUARY 2019 REPORTING PERIOD**

A. CHANGES TO BEST MANAGEMENT PRACTICES

There have been no changes to the Best Management Practices (BMPs) in the Village's Notice of Intent (NOI) for the reporting period.

B. STATUS OF COMPLIANCE WITH PERMIT CONDITIONS

The Best Management Practices (BMPs), along with Measurable Goals and Milestones for the reporting period year are summarized below:

BMP No. A1 Distribute Paper Material

Measurable Goal(s): Increase awareness of impacts of pollutants on water quality.

Milestones: Make brochures and information available at Village Hall.

BMP Status: Information was made available at Village Hall and on the Village's website.

BMP No. A6 Other Public Education

Measurable Goal(s): Increase awareness of impacts of pollutants on water quality.

Milestones: Make information available on the Village website.

BMP Status: Information was made available on the Village's website.

BMP No. B7 Other Public Involvement

Measurable Goal(s): Encourage active public participation in water quality programs and increase visibility of water quality and stream enhancement issues.

Milestones: Encourage public participation in volunteer clean up programs and events.

BMP Status: The Village cooperated with Youth and Family Services – Bloom Township to provide staff to clean up roadways, ditches, and streams. COVID-19 affected the ability to hold public events this year.

BMP No. C1 Storm Sewer Map Preparation

Measurable Goal(s): Update the Storm Sewer Atlas

Milestone: Update as needed.

BMP Status: No updated was required this reporting year.

BMP No. C2 Regulatory Control Program

Measurable Goal(s): Eliminate illicit discharges to the storm sewer system.

Milestones: Review and enforce the Village ordinance.

BMP Status: The Village continued to implement its local illicit discharge and connection ordinances.

BMP No. C7 Visual Dry Weather Screening

Measurable Goal(s): Identify, investigate, and eliminate illicit discharges.

Milestones: Perform outfall and stream reconnaissance.

BMP Status: Village staff performed stormwater outfall and stream reconnaissance this year.

BMP No. D1 Regulatory Control Program

Measurable Goal(s): Prevent soil erosion and construction debris from discharging from construction sites and ensure a permit is in place.

Milestone: Enforce adherence to the approved Stormwater Pollution Prevention Plan.

BMP Status: The Village required projects of one acre or more in size to obtain an IEPA ILR10 permit before commencing on site work, and/or MWRD permits if applicable.

BMP No. D4 Site Plan Review Process

Measurable Goal(s): Prevent soil erosion and construction debris from discharging from construction sites and ensure a permit is in place.

Milestone: Ensure plan review and proper permitting.

BMP Status: The Village implemented its plan review and permitting process. The Village had no projects over one acre or more in disturbed area this year.

BMP No. D6 Site Inspection Enforcement Procedures

Measurable Goal(s): Ensure that erosion control measures are in place according to the approved SWPPP.

Milestone: Perform site inspections.

BMP Status: The Village inspects any active construction sites.

BMP No. E2 Regulatory Control Program

Measurable Goal(s): Eliminate illicit discharges from the storm drain system.

Milestone: Enforce the Cook County Watershed Management Ordinance.

BMP Status: The Village enforced the Cook County Watershed Management Ordinance.

BMP No. F1 Employee Training Program

Measurable Goal(s): Educate Public Works employees on current practices that contribute to storm water pollution.

Milestones: Have training discussions with employees.

BMP Status: Village management had periodic safety and pollution prevention discussions with Public Works staff as part of routine meetings and training.

BMP No. F2 Inspection and Maintenance Program

Measurable Goal(s): Prevent pollutants from entering the storm drain system.

Milestones: Perform Village-wide street sweeping.

BMP Status: Street sweeping was performed twice during the reporting year. Storm drains are cleaned regularly, and catch basins are cleaned out by Village staff as needed.

C. INFORMATION AND DATA COLLECTION RESULTS

The Village is performing visual water quality observations of the storm drain system and local waterbodies as part of routine operations and maintenance. No water quality issues were observed this reporting year.

D. SUMMARY OF NEXT REPORTING PERIOD STORMWATER ACTIVITIES

The Village will continue to implement the BMPs described in the current NOI. Any changes in the BMPs determined necessary through annual program review will be noted in the next annual report.

E. NOTICE OF RELIANCE ON ANOTHER GOVERNMENT ENTITY

The Village is not relying on another entity for MS4 program implementation. MWRD's Watershed Development Ordinance is relied upon for stormwater construction and post-construction requirements.

F. CONSTRUCTION PROJECTS CONDUCTED DURING REPORTING PERIOD

The Village did not have an active construction projects over 1 acre in size in the reporting period.
