VILLAGE OF  
**SOUTH CHICAGO HEIGHTS**

November 30, 2020

*Village President*

*Terry L. Matthews*

To Mayor Terry L. Matthews  
and Honorable Members of the  
Board of Trustees

*Trustees*

*Tracy L. Bosco*

*Eugene G. Fazzini*

*Terry Fiorenza*

*Araceli H. Marrufo*

*John M. Ross*

*Eric R. Stanton*

Management is pleased to submit the fiscal year 2021 recommended Budget for the Village of South Chicago Heights. This document comes as a result of a management team effort. All department heads played key roles in formulating recommendations for our programs, activities and expenditures for the coming fiscal year.

*Village Clerk*

*Catherine Linan*

### **Budget format**

*Village Hall*

*755-1880*

Most operations of the Village are concentrated within the General Fund, and the fund structure closely approximates GASB Statement 34 reporting structure. The budget is presented in sections that detail fund revenues and expenditures, along with fund summaries that are similar to the annual financial statements. Also three fiscal years of prior actual data are presented along with the current fiscal year's approved budget and expected actual amounts. Columns for the proposed fiscal year show figures for Department proposed, Management recommended and final Board approved.

*Police Dept.*

*754-7131*

*Fire Dept.*

*755-9589*

### **Overall budget summary**

*Senior Center*

*755-7903*

*Public Works*

*755-7888*

For fiscal year 2021 management is proposing an operating budget, with overall revenues estimated at \$9,964,575, and recommended expenditures of \$10,826,122. This amount represents a 9.1% increase from the approved fiscal year 2020 operating budget. The "operating" portion of the budget consists of the General Fund, three Special Revenue funds, the Debt Service Fund, and the Village's three enterprise funds - the Water Fund, the Sewer Fund and the Property Management Fund. The Police Pension and Firefighters Pension funds stand on their own in the budget presentation so that the Village Board of Trustees can exercise its fiduciary oversight. The net of operating revenues and other sources (\$6,291,625) over operating expenditures and other uses (\$6,669,254) for the General Fund, the primary operating fund of the Village, results in a \$378,629 budgetary deficit for the fiscal year. The recommendation of a deficit spending plan for 2021 requires a brief explanation: The Coronavirus pandemic experienced in 2020, and the resulting efforts to combat its spread, caused a massive interruption in normal activities at every level of society. This interruption included in a reduction what the Village was able to accomplish with its 2020 operational plan, thus deferring some items to future years. As a means of relief for these interruptions, the Village was awarded over \$500,000 in federal Coronavirus relief funding, which was received in late November 2020. Because there was little time to use these funds during the remainder of 2020 and since the Village had not appropriated for the use of these funds, this grant revenue will roll over into accumulated fund balance, resulting in an expected net increase of \$637,860 in the General Fund at the end of 2020. Including proposed spending of these resources in the 2021 budget thereby gives the corporate authorities the opportunity to properly direct the use of those funds.

Although most of the other funds annually operate on "break even" basis, for 2021 three funds – Motor Fuel Tax, TIF and Sewer, will show an annual deficit as a planned spend down of accumulated fund balance in order to accomplish capital projects. In each case the funds are expected to retain adequate positive fund balances at year end. Although the Water Fund is still expected to run at a deficit in 2021, break even operation appears likely in the near future as projects to reduce unbilled water loss in 2020 seem to have been effective. Overall the Village is expected to end the year with a December 31, 2021 total fund balance of \$6,796,121, excluding the pension funds.

Management is recommending no adjustments to full-time staffing for fiscal year 2020. In the Police Department the goal of bringing full-time staffing of police officers to ten (plus the Chief) and reduce the number of shifts currently filled by part-time officers is affirmed, but complicated by two full-time resignations in 2020. It's probable that one to two full-time police officers may retire during 2021, so the best-case scenario is for the new hires and replacement officers to be fully-trained lateral hires. Fire Department staffing is unchanged although additional shift positions were proposed but not recommended. Public Works and Administration staffing levels are unchanged, however vacant positions in Public Works remain to be filled. Management is recommending an across the board cost-of-living adjustment for non-union personnel, but will continue with performance evaluations and selected merit adjustments. Other than the Police collective bargaining unit, the cost of projected wage adjustments is not shown in each department's budget but rather as a lump sum allowance amount under General Fund Contingency. Management is recommending an increase in the amount that employees contribute to offset the cost of group medical insurance to a flat 8% for all HMO participants from the current 6% beginning with the plan renewal on July 1, 2021.

## **Revenue summary**

Total revenues for fiscal year 2021 are estimated at \$9,964,575 for all funds, an increase of \$523,400, or 18.4%, from fiscal year 2020's budgeted amount, and \$1,200,545, or 14.6% less than that fiscal year's expected actual amount.

Estimates of revenues were performed on a line-by-line basis, rather than an across the board percentage change from the prior year, while significant budgetary and economic assumptions follow the conservative path established over three year trending. An analysis of the significant revenue sources follows, to explain the year-to-year change.

**Local Taxes** - The foundation of the Village's revenue base is its local taxes, primarily real estate and utility taxes, which together make up 2.1% of total annual revenues.

*Real Estate Taxes* - Our largest revenue source, real estate taxes, represent 18.9% of total operating revenues. As a home-rule government, the Village is no longer subject to caps on real estate tax increases, however the FY 2021 real estate revenue estimate retains the spirit of tax caps. For FY 2021 property tax revenues are expected to increase \$41,000 from FY 2020's budgeted amount.

In addition to the general property tax levy, the Village also receives real estate taxes for the Chicago Road Tax Increment Financing Areas Number 1, Number 2 and Number 4. TIF revenues began a rebound starting in 2018, and has increased 86% from 2017 to 2020. The estimates for fiscal year 2021 are for the areas to maintain the recovery, but conservatively, with only incremental growth beyond the 2020 level.

*Utility Taxes* - These revenues, which represent 3.7% of the operating budget, can be weather dependent and vary from year to year. For fiscal year 2021 we have forecast electric and gas utility taxes to remain in their normal ranges.

**Intergovernmental Taxes** - A slightly smaller, but still significant source of revenues are intergovernmental taxes such as sales tax, income tax, motor fuel tax, use tax and personal property replacement tax. These make up 23.6% of total operating revenues. These taxes were greatly affected by the Covid-19 economic slowdown caused when the State mandated restrictions on many activities. For 2021 we used internally computed trends to estimate revenues from Intergovernmental Taxes.

*Income Tax* – Future impact on income taxes caused by the Covid-19 economic shutdown have made estimating difficult. For FY 2021 we are estimating a \$25,000 decrease from the FY 2020 budgeted amount; IML has forecasted reduced distributions, however 2020 actual receipts have continued to range close to expected for the fiscal year, so the 2021 estimate represents a cautious middle ground.

*Sales Taxes* – Despite the Covid-19 economic shutdown, the significant sales tax payers in the Village, being essential businesses or easily adaptable to low-contact transactions, remained open and to some extent even exceeded normal business activity. For fiscal year 2021 we are conservatively expecting 1.0% growth for both the State and Home Rule taxes.

*Motor Fuel Tax* – Motor fuel taxes were significantly impacted by Covid-19 in 2020, and as such are expected to fall \$34,000 (18%) from the estimated amount. For 2021 we are estimating an \$11,000 recovery, which is still 12% lower than the original 2020 estimate..

*Other Intergovernmental Taxes* – State shared Use Tax is expected to rise because of new rules governing on-line purchases; this was realized in 2020 with actual revenue being 13% over the original estimate. For 2021 we are estimating a 7.5% increase over 2020; this may be overly conservative, however without an established trend it is a safe choice. Telecommunications Tax, and Personal Property Replacement Tax allocations are expected to be lower because of the Covid economy, year-to-year estimates are reduced \$10,050. Video Gaming Tax revenue was most severely affected because of the closing of all bars during the restrictions; 2020 revenue is forecast to be 45% lower than estimate, but recover back to normal levels for 2021. The new State Cannabis Use Tax represents only a minimal distribution to the Village and is estimated at \$3,500 for the full year..

**Charges for Services** - This source of revenue is 23.3% of our total and includes water sales, sewer charges, garbage charges and other municipal fees for services.

*Water sales and sewer maintenance charges* – In 2018 The Village adopted a plan for water rate increases through the end the supplier contract with the City of Chicago Heights. Customer rates are scheduled to increase 4.45% each year, based upon an assumption of adjustments by the provider - the City of Hammond. These increases should allow the Water Fund to progress to near break-even, however they are sufficient to only cover annual operating costs with no capacity for replacement of the aging water system infrastructure. The 2021 estimate includes the scheduled 4.45% increase

Although sewer charges increased each year by 5 cents per billing unit when first implemented, no increase has been scheduled since 2016. With the Village is no longer under a mandate from the Thorn Creek Sanitary District to reduce storm water infiltration, the Village has the flexibility to charge customers a maintenance rate that matches the level of expected infrastructure rehab projects each year. It is expected that a updated evaluation of the system by the new consulting engineer will be used as a guide for future projects and may require a near-term rate adjustment.

*Garbage charges* – Customer charges are intended to fully recover the cost of services. No increase to the monthly customer increased was required in 2020 since the contract with the new service provider kept costs stable in the first year. For 2021 a rate increase of 50 cents per month per customer will be required for the Village to meet the “break-even” goal and has been included in the revenue estimate.

*Ambulance service billings* – For 2021 the Village entered into an agreement with the State Department of Healthcare & Family Services that will provide greater cost coverage for Medicaid billings. The effect of this agreement is expected to increase revenue by about \$100,000, net of additional collection service fees.

**Licenses and Permits** – This source represents 2.7% of the Village's total revenues. In 2020 management the Village substantially increased license fees for video gaming machines resulting in 12% greater revenue for the year. In addition, 2020 saw the implementation of revised licensing fees connected with the Village's Crime-free housing program. There are no further changes to fees schedules anticipated for 2021.

**Fines and Forfeitures** – Total fine and forfeiture revenue decreased in 2020 as the State imposed stay-at-home order reduced vehicular traffic and the likelihood of violations occurring. This trend is expected to continue into 2021, thus estimated fine revenue has been lowered 13.5%.

**Rent** – Rental income is scheduled to remain steady after the sale of rights and easement to the T-Mobile antenna in 2018, although a portion of the lump sum proceeds will be recognized in 2021. Rental income from the Bloom Township School Treasurer's Office remains unchanged from Fiscal Year 2020.

**Grants** – The largest increase in estimated revenue for FY 2021 is in the area of grants, totalling \$1,296,400 which is up 37.4% from 2020's expected amount, which itself was extraordinary with the receipt of over \$500,000 in Coronavirus relief funds. Foremost is the Fire Department's successful application and award of both a \$600,000 federal Assistance to Firefighters grant for the purchase of a new engine to replace a nearly 50 year old reserve pumper, and a four year SAFER grant (\$44,000 in 2021) for the recruitment and retention of firefighters.

While Cook County CDBG grants have been infrequent in recent years, for the 2021 construction year the Village was awarded \$200,000 for the first phase of a water system improvement program and \$100,000 for the demotion of abandoned properties. This is in addition to continuation of the Village's participation in the IHDA grant program for the clean-up of vacant properties, which is estimated at \$15,000 for 2021.

In 2020 the Village received the initial installments from the State's “Rebuild Illinois” initiative, and an additional \$136,400 has been estimated for 2021. This will be accounted for in the Motor Fuel Tax fund to supplement its resources for road projects.

The Village was also awarded a \$185,000 DCEO grant through the efforts of State Representative DeLuca's office. These funds are planned to be used to offset a portion of the cost of replacing the SCADA management system in the Water Fund.

## **Expenditure summary**

Total proposed expenditures for all funds and all purposes are budgeted at \$10,826,122 for fiscal year 2021, an increase of \$907,287 from FY 2020's budgeted total and \$2,860,293 more than FY 2020's estimated actual. Because changes in debt service and large non-recurring capital costs can skew comparisons, year-to-year changes are better expressed for normal operating costs only. Excluding debt and capital expenses, total budgeted expenses for FY 2021 are \$570,408 (7.7%) more than FY 2020.

**General Fund** - General Fund expenditures recommended for fiscal year 2021 are \$6,511,929, an increase of \$1,219,634 from fiscal year 2020's expected actual and an increase of \$265,638 (4.25%) from fiscal year 2020's final budget.

*Public Safety* - This heading includes the Police and Fire departments and inspectional services of the Building and Code Enforcement Department. Total recommended expenditures of \$3,823,711 are \$261,274 (7.3%) more than FY 2020's final budget. Since staffing remains constant, the total wage increase in the Police Department is \$35,846, and \$20,262 in the Fire Department; total wages and benefits increase by \$31,633 (1.6%) over the FY 2020 budget. Total contractual services increase \$146,435 (21.0%), but \$62,350 is attributable to a change in ambulance billing services and is totally offset by increased revenue, while \$32,250 is attributable to cost increases for dispatch services to the Police and Fire Departments from Laraway Communications Center; additional increases in the Fire Department budget are also offset by new grant revenue. The ambulance services contract is expected to increase just 1.0%. The most significant capital outlays is \$625,000 for the purchase of a new fire engine, 95% of which is funded through a federal grant. CRF grant revenue received in 2020 is planned to cover the cost of upgrading the newly purchased used ambulance to ALS-level equipment at a cost of \$63,500. In addition, the cost for installing a vehicle bay exhaust system (\$70,000) has been included in the budget in the event grant funding is approved, if not the project will be deferred to a future year. In the Police Department forfeiture funds are planned to be the funding source for the purchase of one replacement vehicle (\$47,000) along with technology equipment (\$12,800); station furnishings and replacement equipment at a total cost of \$17,700 are budgeted for purchase from general revenues.

*General Government* - This heading includes all of the Village's executive, administrative, financial and facilities maintenance activities. Overall expenditures are increased \$63,750 (4.5%) from fiscal year 2020's budget. Increases in personal services costs are mostly from post-employment benefits for new retirees (\$31,680), benefit costs for active employees decreased \$62,089. There are no significant capital expenditures budgeted this year.

*Highway and Streets* - This heading includes the Public Works Department's operations. The total recommended operating budget of \$479,576 is 6.7% higher than the FY 2020 budgeted amount. This increase is primarily due to expected increased energy costs for streetlights. The only budgeted capital purchase this year is for traffic safety equipment (\$2,000).

*Sanitation* - Budgeted expenditures increase by 3.2% as the Village enters year 2 of the contract with the service provider. As noted above, a \$0.50 /month increase to the user charge is required to continue breakeven operations.

*Culture and Recreation* - Activities of the Recreation, Park Maintenance, Senior Center Maintenance Programs and Beautification and Historical Committees are accounted for here; Total operating expenditures increase \$1,980 or 2.6% from the FY 2020 budget but increase \$13,825 from 2020's actual, which was restricted due to cancellation from the Covid-19 pandemic .

**Motor Fuel Tax Fund** - Motor fuel taxes are restricted to use only in maintenance activities and projects authorized by the Illinois Department of Transportation. As in the past several years, Motor Fuel Taxes are budgeted for consulting engineering, road salt, and traffic signal maintenance. Total fund operating expenditures are budgeted to increase 30.6% from the prior year, due to project engineering costs. For FY 2021, \$400,000 has been budgeted for street resurfacing, location to be determined. Because the Fund has not incurred any capital expenditures since 2018, there is sufficient accumulated fund balance to cover the cost of budgeted projects.

**CDBG Project Fund** – The Village was awarded \$300,000 in CDBG grants for FY 2021. The project identified for \$200,000 of grant funds is Phase 1 of a water system improvement project, targeted at replacing water mains and valves along Enterprise Park Ave. The remaining \$100,000 is earmarked for demolition of abandoned properties, locations to be determined.

**Tax Increment Financing Fund** – For FY 2021 accumulated fund balances, particularly from Area #1, will be used to fund a variety of capital initiatives within the TIF Area boundaries. Recurring expenditures include \$49,000 in consultant and legal fees for potential property sales and acquisitions within the business corridors and a \$50,000 allowance for new development agreements, along with \$9,500 for additional streetscaping along Chicago Rd and Sauk Trail. Capital expenditures and maintenance expenditures total \$387,000 for improvement at Village Hall (Area #1) and the Senior Center and Public Safety Building (Area #4) and \$15,000 for speed monitoring signs on Chicago Rd and Sauk Trail.

**Debt Service Fund** – In addition to accounting for the Village's Series 2015 General Obligation bonds (Public Safety building), for 2021 the Debt Service Fund includes the final installment of non-obligation debt for the purchase of the 2019 ambulance which is funded with revenue from the St. James hospital impact grant and general revenues

**Water Fund** - Recommended operating expenses of the fund are budgeted at \$1,162,346, or 2.1% less than fiscal year 2020's budget. For fiscal year 2021 wages and benefits are recommended to change minimally from 2020's budget (down 2.9%, entirely in the benefit component). Contractual services are budgeted to decrease \$8,750 from 2020's budgeted amounts, barring any unforeseen catastrophic main breaks. Water purchase costs are budgeted \$3,000 higher in 2021, although focused efforts during 2020 aimed at repairing system leaks appear to be reducing monthly consumption. The most significant capital cost is for replacement of the pump management system at \$375,000, (along with \$30,000 in associated engineering costs), which is expected to be financed through a Illinois DCEO grant and a low-interest IEPA loan. The project cost is now 19% lower than previously estimated after be re-evaluated by the Village's new consulting engineer. The current installment of the water meter capital lease remains the same as the prior year.

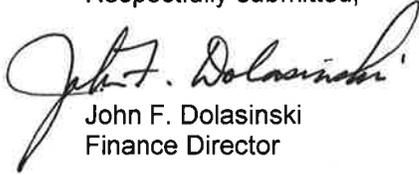

**Sewer Fund** – The recommended operating expenses of the fund are essentially the same as FY 2020. Most of these costs are actually the pass-through of sewer charges to the Thorn Creek Sanitary District. Thorn Creek has ended its mandate to reduce storm water infiltration, however the proposed FY 2021 budget continues the Village's sewer main rehabilitation program at the previous mandated levels. For the year \$125,000 in capital improvements are budgeted, along with \$10,000 for engineering; although budgeted each year, the fund hasn't completed any capital improvements since 2018.

**Pension Funds** – Retirements of three police officers in 2019 and 2020 and at least one in 2021 is expected to increase benefits expenses of the Fund by 88.6% since 2018. In order to comply with State law to provide funding that meets the latest actuarially requirements, required employer contributions are also increased, \$20,400 for the Police and \$2,200 for the Firefighters Pension Funds. The Firefighters Pension Fund has now exhausted all of its accumulated fund balance and the annual tax levy funding it must equal the budgeted expenses each year going forward.

## In closing

The above explanation briefly summarizes the major sources and uses of funds in the FY 2021 recommended budget. Obviously, each individual fund must be examined in order to understand the impact of specific revenue and/or expenditure items. For additional information regarding specific departments and/or activities, please refer to the detailed budgets for each fund that follow.

Respectfully submitted,

A handwritten signature in black ink, reading "John F. Dolasinski". The signature is written in a cursive style with a large initial "J".
